

TECTITE™ removable and reusable fittings simply push together in seconds to create a perfect joint - again and again.

TECTITE™ fittings are a heat free method for joining Copper, CPVC, and PEX tube, and are designed to save time and money. Installing a TECTITE™ fitting is simple and requires no material beyond the fitting.

- No special installation tools required
- Standard and low lead designs
- Ideal for service and repair
- 1/2" - 2" diameter water systems
- Demounting sleeve/end cap acts as a guide ensuring straight insertion
- True o-ring design for leak free seals
- Pre-lubricated for quick installation

TECTITE™ – Table of Contents

Removable push fittings for Copper, CPVC and PEX in 1/2" through 2"
